We desire to call the attention of JUTE SPINNERS to our

SPECIAL JUTE-BATCHING OIL,

which is now largely used in all Jute Spinning districts, both at home and abroad.

This Oil is guaranteed to be a mixture of Fish Oil and Mineral Oil, prepared by a process of our own, whereby the Body of the Pure Whale Oil is retained in the compound.

Jute Spinners who have regularly and exclusively used this Oil since the date of its introduction assure us that it causes less waste, gives the yarns a smoother "skin," and yields full weight; while, in respect to cost, it shows a large saving compared with any mixtures prepared by Spinners themselves to produce equally good results.

As a Batching Oil, combining efficiency with economy, it holds a pre-eminent position in the trade.

We also Manufacture

LUBRICATING OILS, Pale and Dark,

for STEAM-CYLINDERS, ENGINES, SHAFTING, LOOMS, SPINDLES, and all Kinds of Machinery.

The Dundee Advertiser.

DAILY. 8 PAGES. ONE PENNY.

The Leading Newspaper in Scotland North of the Forth.

Is an old-established Liberal Newspaper that has been repeatedly enlarged of late years, in consequence of the favour in which its large circulation and influence have caused it to be held as an advertising medium, and the efforts made to render it complete in all its departments. By the spirit and enterprise of its Managers, the *ADVERTISER* has become a splendid Advertising Medium, and is now invariably selected for all important announcements intended to be brought under the notice of the Mercantile, Manufacturing, Shipping, Professional, and Agricultural interests. Its reports and statistics upon the Linen and Jute Trades, of which Dundee is the seat, are quoted in all important commercial centres. On public questions its tone is fearlessly independent. Its London Offices at 186 Fleet Street are connected by special telegraph wire with the Head Office in Dundee, and it has also Branch Offices, with Special Reporting and Publishing Staffs attached, in the following important centres—viz., Forfar, Arbroath, Montrose, Aberdeen, Cupar-Fife, Perth, Stirling, Edinburgh, and Glasgow.

DUNDEE DIRECTORY,

1887-88.

The New Tay Bridge (from South).

GENERAL NOTICE.

IN issuing the Directory for 1887-8, the Publishers anticipate that it will be found as complete and comprehensive in its details as its predecessors. Throughout the year many changes have taken place in the residences of the inhabitants. The Index (pages 3-8) has been extended and improved, giving ready reference to all the information contained in the Directory. The Trades section has also been improved. A list of Spinners and Manufacturers, with the names of their Works, will be found at page 572; and the list of Clergymen, at page 537, has been extended to include all the members of the Dundee Presbyteries, and also the Ministers in the Rural Districts.

With regard to the trade of the town, little of moment can be said of what has taken place since the date of our last issue. The general tone is not regarded as satisfactory, but there is not the same feeling of depression that pervaded all interested in manufactures for a long time.

In spring there was a short revival, traders became brisker, and wages were increased. But this activity was of short duration, and those branches of industry that were affected by it are now gradually falling back, if not into their late condition, at least to a state approaching thereto. A matter which has attracted a good deal of attention in manufacturing circles during the year has been the cultivation of flax, and a desire has been expressed that it should, if possible, be introduced as a branch of local trade. Two well-known gentlemen belonging to the town, remarkable alike for their enterprise and liberality, have entered heartily into the scheme, and, with the view of testing its feasibility, have contributed largely towards the cost of primary trials which are taking place on some farms near town. The results are awaited with some anxiety by those interested in the experiments.

If our staple industries are not what might be desired, Dundee is not to lose prestige so far as its external appearance is concerned. The building trades have been well employed throughout the year. Large tenements and handsome villas have been erected in all parts of the town, new schools have been built, and others added to and remodelled. The High School, with its gymnasium and workshop, has been enlarged, and the girls' school in Euclid Street—a suitable adjunct—is now in full working order. The Harris Academy, too, owing to the influx of scholars, has been increased in size. In the centre of the town architectural adornment in the shape of elegant buildings is steadily going forward, showing that, though our general trade is dull, there is still a good deal of enterprise amongst private individuals. Whitehall Street—regarding which, two years ago, much dubiety existed as to the sites selling freely—is now well built upon. Handsome blocks line both sides of that thoroughfare. At the bottom of the street the Rev. David Macrae's congregation is erecting a new church, as a fitting memorial of the worth of the late Rev. George Gilfillan, whose connection with themselves and with the town it is designed to commemorate. This edifice, when completed, will have frontages to West Dock Street and Whitehall Crescent. Another block of imposing dimensions, consisting of a complete suite of warehousemen's premises, is nearly finished at the top of the street on the west side. This building will also have two frontages—one being to the main thoroughfare and the other to Nethergate. The whole of the upper section of this fine street is now complete, but one or two vacant stances at the bottom are still unoccupied. It is, however, expected that by another year they will be filled with buildings similar in style to those already erected. Another important centre is gradually developing. Seagate and Commercial Street are bidding fair to outrival the more elegant and busy parts of the town. The vacant site adjoining the Theatre has just been bought, upon which a tenement of shops and dwelling-houses is about to be built, the architecture and style to be in keeping with the new buildings in the immediate vicinity. When this block is erected the top of Seagate will have a very imposing and ornate appearance.

In the course of a few months other projects, now well matured, will be launched. By the provisions of the Baxter Bequest an Institute for Technical Education is to be built and equipped in Small's Wynd, at a cost of about £13,000. The object of this Institution is to afford young

working men of the town an opportunity to acquire a thorough technical knowledge of mechanics, so that they may be able to take a high stand as skilled artizans. It is also proposed to enlarge, and if possible complete, the Albert Institute Buildings. If the necessary funds be forthcoming this will no doubt be proceeded with, as several plans showing the advantages of the extension have been submitted to the public. The extension of the Esplanade to Ninewells forms by far the most important local undertaking that has been brought forward for a long time. It is proposed, in the first place, to connect it with Windsor Street by throwing a bridge over the railway, and thus make it accessible to the people at the west end; and, in the second place, to carry it as far as Ninewells, so as to enclose an area of 150 acres, the greater part of which will be laid out as a public park. The scheme is of a gigantic nature, and a considerable time must elapse before it is carried out in its entirety. The Tay Bridge—the greatest engineering work of the age—is finished. It was informally opened for goods traffic early on the morning of Monday, 13th June, prior to the official inspection by Board of Trade, which began on the Wednesday following. This immense structure, which has the appearance of great strength and stability, and seems formed to withstand the stormy blasts which often sweep the Tay, has little or no resemblance to its ill-fated predecessor. Its design is altogether different, and its construction has been superintended by engineers of great practical experience. The commercial importance of the Bridge to the north-east of Scotland cannot be overestimated, and its effective working is looked forward to with great interest. At the Harbour various improvements are going on, the latest of consequence sanctioned by the Trustees being the extension of the river wall to Stannergate Point. Much valuable ground will soon be reclaimed, which in the long-run will materially add to the revenue of the Trust. In Lochee, Broughty Ferry, Monifieth, Carnoustie, Tayport, and Newport, the hand of the builder is also apparent in the shape of new houses, new villas, and new business premises. Broughty Ferry, in particular, maintains its pre-eminence as a favourite suburban resort. To add to its amenities it is proposed to enclose, lay out, and beautify Reres Hill as a public pleasure ground, negotiations in that direction having for some time been going on.

Two generous actions stand out conspicuously as leading events of the past year. Mr J. M. Keiller gifted to the Free Library the sum of £10,500 to liquidate a heavy debt with which it was burdened; and Mr Thomas H. Cox, of Maulesden, with the view of encouraging the establishment of a Medical School in Dundee, presented the College authorities with the sum of £12,000 for the endowment of a Chair of Anatomy. These are acts of single-minded munificence, and the donors deserve the gratitude and esteem of all grades of their fellow-townsmen.

It is to be hoped that other beneficent deeds will cause Dundee to remember this the Jubilee year of the reign of Her Majesty Queen Victoria.

INLAND RATES OF POSTAGE—LETTERS.*

The rates of postage, when prepaid, are as follows, viz.—

For a letter not above 1 oz.	-	-	-	1d.
„ above 1 oz. but not above 2 oz.	-	-	-	1½d.
„ „ 2 oz.	„	4 oz.	-	2d.
„ „ 4 oz.	„	6 oz.	-	2½d.
„ „ 6 oz.	„	8 oz.	-	3d.
„ „ 8 oz.	„	10 oz.	-	3½d.
„ „ 10 oz.	„	12 oz.	-	4d.
„ „ 12 oz.	„	14 oz.	-	4½d.

and so on at the rate of ½d for every additional 2 oz.

A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may be above 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from one of the Government Offices.

NEWSPAPERS.

The prepaid postage on every registered inland newspaper is one halfpenny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be. For each transmission a fresh postage must be paid.

A newspaper posted unpaid, or a packet of newspapers posted unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight (see p. 94, Book Post).

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper, as also for transmission to places abroad. Unregistered, a newspaper is liable to the book rate of postage.

- The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.
- The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page. This regulation applies also to “Tables of Contents,” and “Indices.”

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

d. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

A newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection, otherwise it will be treated as a letter.

The title of every newspaper must be exposed to view.

A newspaper or packet of newspapers which contains any enclosure, except supplements (unless it be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet), is liable to be charged as a letter.

A newspaper which has anything written on it, or its cover, of the nature of a letter, is liable to postage as an unpaid or insufficiently paid letter.

A packet of newspapers must not weigh above 14 lbs., or exceed two feet in length, one foot in width, or one in depth.

Newspaper wrappers are sold at the following prices:—Bearing halfpenny stamp, at the rate of 7 for 4d or £1 2s 10d per parcel of 480; bearing penny stamp, at the rate of 8 for 8½d or £1 1s 3d per parcel of 240.

BOOK POST.

The prepaid postage is one halfpenny for every 2 oz. or part of that weight. If posted unpaid the charge is double that amount; and if posted partially paid, double the deficiency.

The following may be sent by book post:—Books and other literary publications, photographs, prints, and drawings on paper; and, generally, any paper or other substance in ordinary use for printing or writing upon, whether plain or not, provided that it bear no letter or communication of the nature of a letter,* except a “circular” (as defined below); and a book packet may also contain anything necessary for the safe transmission of any of the before-mentioned articles, and legitimate binding or mounting (not consisting of glass or any brittle substance) when transmitted in the same packet with the article to which it belongs.

Circulars—*i.e.*, letters which, from internal evidence, appear to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is produced by means of ordinary type, engraving, lithography, or other mechanical process—may also be sent by book post.

A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination, otherwise it is treated as a letter. It may, however, be tied at the ends with string.†

No book-packet may be above 5 lbs. in weight, 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

When, owing to an unusually heavy influx of letters, books, &c., the trans-

* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

† In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, “From—of—.”

mission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets (and also post cards) may be kept back till the next despatch or delivery.

A book packet, in the case of which any of the above rules is infringed, is chargeable, if under 8 oz. in weight, as a letter packet, and if over 8 oz. it is transferred to the Parcel Post and charged a fine of 1d, in addition to any deficient parcel postage.

POST CARDS.

Official Post Cards, impressed with a halfpenny stamp,—double or reply Post Cards impressed with a halfpenny stamp on each portion of them,—and private Cards impressed at the Office of Inland Revenue with halfpenny stamps,—may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive stamps are not accepted in payment of the postage.

The front (or stamped) side is for the address only, in addition to the words printed thereon. Nothing else must be written, printed, or otherwise impressed on it or the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached, except an adhesive stamp for a late fee; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

No card other than one of those issued by the Government, or a private card impressed with a halfpenny stamp at the Office of the Inland Revenue, will pass under a halfpenny stamp, if it bear on it a communication of the nature of a letter (unless it be a circular letter as defined above).

Post Cards are sold at 7d per dozen; superior quality, 8d.

Double or reply Post Cards are sold at 1s 2d per dozen; superior quality, 1s 4d.

INLAND PARCEL POST.

Parcels *not exceeding 11 lbs. in weight* are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcel Post, it must be tendered for transmission as a parcel, and should bear the words "Parcel Post,"—which should be clearly written in the left-hand top corner.

Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. No Parcel Post business is, as a rule, transacted in England or Ireland on Sundays, Christmas Days, and Good Fridays; nor in Scotland on Sundays and Sacramental Fast Days, but there will in most cases be a delivery on Christmas Day.

The size allowed for an Inland Postal Parcel is—

Greatest length,	-	-	-	-	3 ft. 6 in.
Greatest length and girth combined,	-	-	-	-	6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or—

A shorter parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

The rates of Postage are—for a Parcel—

Not exceeding 1 lb. in weight,	-	-	-	-	3d.
Exceeding 1 lb. in weight and not exceeding 2 lbs.,	-	-	-	-	4½d.
„ 2 lbs.	„	„	„	3 lbs.,	6d.

„ 9 lbs.	„	„	„	10 lbs.,	1s. 4½d.
„ 10 lbs.	„	„	„	11 lbs.,	1s. 6d.

No parcel is accepted which weighs more than 11 lbs., or is not sufficiently paid. The postage must, in all cases, *be paid in advance*, and by ordinary postage stamps, which must be affixed by the sender before tendering a parcel for transmission by Parcel Post at a Post Office.

Parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter. Care must be taken that every parcel bears a clear address.

Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, are not accepted unless securely packed so as to guard against risk of injury to other parcels. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans securely stoppered; nor powders, unless so packed that they cannot escape in transmission. Bottles or glass in any form can be accepted only when so packed as to be secure from breakage.

Parcels addressed to or sent from the Channel Islands are received under the above conditions and rates, but such parcels are liable to Customs examination at the port of arrival, and the sender is required to make a declaration of contents upon a special form provided for the purpose at the office where the parcel may be posted.

Parcels for the Isle of Man are treated in the same way as parcels for places in the United Kingdom generally. They are liable to examination by the officers of Customs; but the sender is not called upon to furnish a declaration of contents.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a Post Office "to be called for," are liable to a demurrage charge at the rate of 1d a day. No demurrage is charged on parcels addressed to persons outside the limits of free delivery, or to persons on board ship.

In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

Insurance and Compensation.

The Postmaster-General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to certain rules, give Compensation for the Loss and Damage of Inland Parcels according to the following scale, viz. :—

- I. Where no Fee except postage is paid, the Postmaster-General will give compensation to an amount not exceeding £1
- II. Where in addition to the postage an Insurance Fee of 1d is paid, the Postmaster-General will give Compensation to an amount not exceeding..... £5

III. Where in addition to the postage an Insurance Fee of 2d is paid, the Postmaster-General will give Compensation to an amount not exceeding..... £10

In no case will a larger amount of compensation than £10 be paid. The compensation given in case of damage will be in proportion to that which would have been given had the Parcel been lost.

REGISTRATION.

The fee for registering a letter, newspaper, or book-packet, is twopence, and this registration fee and the postage must be prepaid.

No article addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

Every article presented for registration must be enclosed in a strong envelope, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee described in the last paragraph under this heading, be enclosed in a Registered Letter Envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d, instead of the ordinary fee of 2d.

The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent unregistered, valuable articles are exposed to risk; consequently Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the Mail for which they are posted, they are detained for the next despatch.

No Town Postman is allowed to take a letter to be registered; but Rural Postmen will take letters for registration on their outward and inward walks whenever it is practicable for them to do so.

The Postmaster-General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to certain rules, give Compensation for the Loss and Damage of Inland Registered Letters, and other Registered Postal Packets, according to the following scale, viz. :-

- I. Where no Fee except postage and the registration Fee is paid, the Postmaster-General will give Compensation to an amount not exceeding £2
- II. Where in addition to the postage and the registration Fee an Insurance Fee of 1d is paid, the Postmaster-General will give Compensation to an amount not exceeding £5
- III. Where in addition to the postage and the registration fee an Insurance Fee of 2d is paid, the Postmaster-General will give Compensation to an amount not exceeding..... £10

In no case will a larger amount of compensation than £10 be paid, and the compensation given in case of damage will be in proportion to that which would have been given had the Letter been lost.

FOREIGN AND COLONIAL LETTERS.

The rates of postage on letters for Foreign Countries and the Colonies will be found in the Table of Foreign and Colonial Postage at page 110.

Letters posted unpaid, or insufficiently paid, to any country where payment is compulsory, are returned to the writers.

Letters posted unpaid, or insufficiently paid, for Australia, New Zealand, Cape Colony, or Natal, are charged 6d each in addition to the deficient postage.

Unpaid letters addressed to countries in the Postal Union are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

No letters containing gold or silver money, jewellery, or precious articles, or anything liable to customs duties, can be sent, *even if registered*, to any country of the Postal Union.

FOREIGN AND COLONIAL NEWSPAPERS.

The rates of postage to Foreign countries and the Colonies on newspapers registered for transmission abroad will be found in the Table of Foreign and Colonial Postage, page 110. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and if above 4 oz. in weight, it is liable to two rates of postage; and so on.

The conditions of Registration of Newspapers for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a Newspaper may be published at intervals of thirty-one days. Moreover, Prices Current and Market Reports (but not private price lists or trade catalogues) may be registered as Newspapers for foreign transmission, provided that they be published at intervals not exceeding thirty-one days.

All publications registered for transmission abroad *must be posted within eight days from the date of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

FOREIGN AND COLONIAL BOOK POST.

Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:—

(a) "Commercial Papers," under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal (and whether written or printed on stamped or unstamped paper), Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.

(b) "Printed Papers," including periodical works, books (stitched or bound), pamphlets, sheets of music (printed), visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs (when not on glass or in frames containing glass), drawings, pictures, papers impressed for the use of the blind or card-board drawings, models stamped in relief (except for Russia and Sweden), plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, lithographed or autographed, and in general all impressions or copies obtained upon paper, parchment, or card-board by means of printing, lithographing, autography, or any other mechanical process easy to recognise, except the copying press, and anything usually

attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter.

The two classes are subject to the same rates of postage, except that when addressed to countries in the Postal Union the minimum rate for Commercial Papers is higher than that for printed papers. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

The rates of postage for Commercial Papers are the same as for printed Papers, except that the lowest charge for each packet is 2½d, even if the packet weigh less than 2 oz. (See page 113).

The limit of size for Packets addressed to countries of the Postal Union is 18 inches in length by 1 foot in width or depth; and for Packets addressed to other places abroad 2 feet in length by 1 foot in width or depth.

All Books and printed matter imported into the United States through the Post, however small the values, are subject to a duty of 25 per cent. of that value.

The exemption from Customs duties hitherto accorded to Books not exceeding 1 dollar in value is withdrawn.

The under-mentioned articles are still exempt from Custom duties:—

1. Newspapers and periodicals already exempt from duty.
2. Photographs and printed papers, other than Books, received in the United States in such small quantities as to suggest that they are intended for personal use and not for sale.

Books and Periodicals addressed to the Republic of Colombia are liable to Customs duties unless intended for the personal use of the addressees.

The rates of postage, which must be prepaid, on packets to places abroad are given, under the heading of Books, in the Table of Foreign and Colonial Postage, page 110.

FOREIGN AND COLONIAL PATTERNS AND SAMPLES.

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, can only be forwarded as letters.

No article liable to Custom Duties can be sent as a sample or pattern.

The rates for Patterns are the same as for Books, except that the lowest charge is 1d for a packet addressed to any of the countries to which the postage is ½d per 2 oz. for Books. (See page 113).

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise.

Samples of saleable value must not be sent to any foreign country, or to any of the British possessions which are comprised in the Postal Union.

A Packet of Patterns or Samples sent to any place comprised in the Postal Union (except Belgium, France, Greece, Luxemburg, Portugal, Switzerland *via* France, and the United States) must not exceed 8 inches in length, 4 in width, or 2 in depth. The limit to Belgium, France, Greece, Luxemburg, Portugal, Switzerland *via* France, or the United States, is 1 foot in length, 8 inches in width, and 4 inches in depth. The size of a packet for a non-Union country or colony is limited to 2 feet in length and 1 foot in width or depth.

FOREIGN AND COLONIAL POST CARDS.

Post Cards for abroad with impressed stamps of 1d, 1½d, and 2d each are sold at those rates, and are transmissible to all the countries of the Postal Union without extra charge.

Reply Post Cards for certain places abroad are also issued, those with a 1d stamp impressed on each half, price 2d; those with a 1½d stamp on each half, price 3d; and those with a 2d stamp on each half, price 4d.

The regulations relating to Inland Post Cards apply also to Cards posted for places abroad, except that the latter, when these regulations are infringed, are not forwarded.

Weight.—The maximum weight for parcels for Austria-Hungary, Cape of Good Hope (except Cape Town), Denmark, Germany, Heligoland, Italy, Sweden, and Switzerland, is 7 lbs.; for Canada, 3 lbs.; and for all other places, 11 lbs.

The postage must in all cases *be paid in advance*, and by means of postage stamps, which must be affixed by the sender, and no parcel will be accepted for transmission which is not sufficiently prepaid.

Each parcel must be plainly directed, such direction setting forth the name and full address of the person for whom the parcel is intended. It should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. The date of posting should also be added. A parcel must not be posted in a letter box, but, as in the case of the Inland Parcel Post, must be taken into a Post Office and presented at the counter.

Parcels will be liable to Customs duties and regulations, and the sender of each parcel will be required to make a Customs declaration furnishing—upon a special form provided for the purpose, which can be obtained at any Post Office—an accurate statement of the contents and value, the date of posting, and the sender's signature and place of abode. In the case of parcels for the Continent of Europe the sender will also be required to enter thereon the net weight of the contents of the Parcel. The declaration form should, if possible, be filled up in both English and French. Customs duties will be collected on delivery. In addition to Customs duties a charge of 1s per parcel is levied at the Cape of Good Hope on all incoming parcels for stamp duty, clearance, &c.

No Parcel containing dangerous articles, perishable articles, articles likely to injure other parcels, liquids (unless securely packed in proper cases), or any contraband article or substance, will be accepted for transmission. A parcel must not contain another parcel, or a letter or other postal packet, intended for delivery to a person other than the addressee of the first-named parcel.

The transmission of any letter whatever, no matter to whom addressed, in parcels for the Continent of Europe, the Cape of Good Hope, Egypt, Jamaica, and Australian Colonies is strictly forbidden.

Parcels for Ascension, the Cape of Good Hope, Egypt, India, and St Helena must not exceed £50 in value.

Parcels arriving in this country and re-directed from one address to another in the United Kingdom will be treated and surcharged under the regulations which govern the treatment and surcharge of re-directing parcels by the Inland Parcel Post.

If a parcel cannot be delivered as addressed, or is refused, the sender, if his address be given on the parcel, will be communicated with by the Post Office as to the manner in which the parcel shall be disposed of.

If returned or re-directed from one country to another the parcel will be charged a full rate of postage.

Parcels which cannot be delivered will be kept for a reasonable time before being finally disposed of.

Parcels addressed to places abroad must not be handed to a Rural Postman, but must be taken to a Post Office.

Parcels should be securely and substantially packed and closed by the sender, and in some cases seals may be found necessary. If wax is used, it should be of the special quality which resists the heat of a hot climate.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered), nor is the Post

Office responsible for any injury which a packet may sustain during its transmission.

To guard against such injury all postal packets which are likely to suffer from stamping or from great pressure should be placed in strong covers; and even with this precaution no fragile article should be sent through the Post. It should be remembered that every packet has to be handled several times; that it is exposed to considerable pressure and friction in the mail bag; and that whenever the bag has in the course of its transmission to be transferred by means of the railway apparatus, the risk of injury is much increased.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Neither money nor any other article of considerable value ought ever to be sent through the Post, except by means of a money or postal order, or in a registered letter. Any person who sends money or jewellery otherwise, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

To facilitate the delivery of letters, a Letter-box should be affixed to every house-door.

MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:—

For sums not exceeding £1,	-	-	-	-	-	2d.
„ above £1 and not exceeding £2,	-	-	-	-	-	3d.
„ „ £2 „ „ £4,	-	-	-	-	-	4d.
„ „ £4 „ „ £7,	-	-	-	-	-	5d.
„ „ £7 „ „ £10,	-	-	-	-	-	6d.

No order may contain a fractional part of a penny.

The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2d. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3d. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the order be paid through a Bank, even though its payment was not originally so restricted.

The remitter may make his order payable ten days after date, provided that, when he obtains the order, he affix thereto, in the presence of the Postmaster, in the space after the request C., a penny adhesive stamp, and write his signature across the stamp.

To guard against fraud the remitter is recommended,—

1st. When he is well known to the payee, to sign the letter enclosing the Order with his initials only.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Banks, provided that such depositor shall not make deposits amounting to more than £30 in any one year ending 31st December, or make any further deposit when the total amount standing to his credit has reached £150 exclusive of interest.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

GOVERNMENT INSURANCES AND ANNUITIES.

Under the Government Annuities Act, 1882, Insurances may be effected for amounts not less than £5 and not more than £100 on one life; and Annuities may be purchased for amounts not less than £1 and not more than £100 on one life.

The persons whose lives are insured, or to whom Annuities are granted by the Postmaster General, have direct Government security for the payment of the money, at the proper time.

Forms of proposals for the Insurance of Lives and the Purchase of Annuities, and all necessary information on these subjects, may be obtained at the Post Office.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are charged for. The public are required to affix the stamps to the message forms just as they are required to affix stamps to letters.

The telegram forms are of two kinds, the "A 1" form, embossed with a stamp, and the "A" form (given gratis), with no stamp. The "A 1 forms" may be purchased singly. They may also be had in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for transmission covers the cost of delivery within one mile or within the town postal delivery of that office when the delivery extends for more than a mile. But when it is not a Head Post Office, the message is delivered free within the limit of one mile only.

When the addressee resides beyond the free delivery, portorage is charged at the rate of 6d per mile or part of a mile, provided the whole distance does not exceed three miles; but the charge is calculated from the boundary of the district within which no portorage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal office, and also beyond the town postal delivery, the charge for portorage would be 6d; if the distance is above two miles and under three, 1s.

If the addressee resides at a greater distance than three miles from the terminal office, portorage is charged, for delivery by mounted messenger, at the rate of 1s per mile (except in Ireland, where the charge usually is only 8d per mile), the distance being reckoned from the office door.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "non-delivery," "almshouses," "forty-seven."

The following exceptional names and compound words are charged for as one:—

O'Neil, MacDonald, De la Rue.

Midday.	Se'night.	To-day.	Yesterday.	Twopence,
Noonday.	Cannot.	To-morrow.	Halfpenny.	&c.

So, too, are names with the prefix "St," as St Pancras; but double names of

persons, like Smith-Payne, although written with a hyphen, are counted as two words.

Abbreviations designated by apostrophes (as can't, won't, couldn't, &c.) are counted as one word, but there is a great risk of error.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word.

FOREIGN TELEGRAMS.*

Foreign telegrams are divided into three classes,—ordinary, code, and cypher. Ordinary telegrams are those composed of a series of words, or of words, figures, and letters conveying an intelligible meaning.

Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense. Words of more than ten letters are not allowed. In Code telegrams only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed, but words of any or all of these languages will be allowed in the telegram.

Cypher telegrams are those containing series or groups of figures or letters having a secret meaning; or words not to be found in a standard dictionary of the language. The portion in cypher must be composed exclusively of figures or exclusively of letters.

Cypher telegrams written in letters are only accepted for places in Europe or North America.

The address of the receiver must be paid for, and must not consist of less than two words, a name and a town. Example: Hercules, Bombay.

The address of the sender is charged for, if transmitted; if not to be transmitted, it must be written at the foot of the form.

In ordinary European telegrams the length allowed for a word is 15 letters, in extra-European telegrams 10 letters; any additional letters being charged for at the rate of 15 or 10 letters respectively to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words.

Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office and of the country of destination in the addresses of telegrams are charged for as one word each when so written by the sender, whatever their length.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or words incorrectly joined together, contrary to the usage of the language, cannot be accepted as single words.

Every separate letter or figure is charged for as one word, and in European telegrams every group of five figures or letters is counted as one word, larger groups being counted at the rate of five figures or letters to a word, plus one word for any excess. In extra-European telegrams groups of figures (or letters when used as trade marks) are counted at the rate of three to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

Anyone may have an abbreviated address, or special instructions as to hours of delivery of telegrams, registered at the chief office of the town in which he resides, on payment of a guinea a year, dating from the day of registration.

* For rates, see next page.

FLAX, TOW, AND JUTE SPINNING : A Handbook, containing Information on the various Branches of these Trades. With Rules, Calculations, and Tables. By PETER SHARP. Recommended as a Work of Reference by the City and Guilds of London Institute for the Advancement of Technical Education, Gresham College, London, E.C.

Extracts from Opinions of the Press on First Edition.

"This book is worthy of a place in the library of every foreman, mechanic, overseer, manager, and machine maker interested in the jute and flax trade. . . . The best papers of all in this excellent book are those on the Roving Frame. The three chief models are described at length, and the intricate calculations prove the patience and demonstrate the skill of the author. . . . This volume is rich with information, the results of practice and observation."—*Dundee Advertiser*, February 11, 1882.

"Mr Sharp's book will be valued by all practical spinners. . . . No better reading could be had for a young mechanic. It is replete not only with facts, but is suggestive, and being the work of a practical flaxspinner, it is not full of laboured theories, but of proved and indeed of improved methods. . . . The issue of this book therefore—by Dundee publishers too—is most opportune."—*People's Journal*, February 11, 1882.

"Flax, tow, and jute manufacturers and managers, and foremen in these different establishments, will find it a useful book of reference. . . . It is a handy work of reference, and in its sphere will be found very useful."—*Textile Manufacturer*, August 15, 1882.

"That we have not had a first-rate handbook on flax and jute spinning long ago is because few men possess all the requisites necessary for writing such a book. The long-felt want has now been supplied. 'The Handbook on Flax, Tow, and Jute Spinning' contains a great amount of information on flax cultivation, preparing, carding, wet and dry spinning, twisting, tow preparing and spinning, reeling, bundling, jute spinning in all its branches, roving and spinning machinery, speeds, drafting, much technical information, many valuable tables, and many examples of an instructive nature connected with spinning. . . . By the publication of such a work the author has conferred a boon on all engaged in the spinning trade, and we cordially recommend it to them and to the public."—*Courier and Argus*, February 8, 1882.

"Mr Peter Sharp's work . . . cannot fail to commend itself to those interested in the spinning 'end' of our staple industry. . . . Among the subjects dealt with are flax preparing, roving, tow carding, wet and dry spinning, fluting, reeling, yarn bundling, and yarn drying; and carding, preparing, and spinning of jute. The tabulated calculations, and the rules for determining the relative speeds, &c., will prove valuable to practical spinners."—*Northern Whig*, February 6, 1882.

"This is a practical handbook, containing full information as to the materials and processes employed in the various branches of the flax and jute trades. . . . Such a volume as the present is a valuable contribution to that literature of technical education, the deficiencies of which have been so frequently commented on in recent years."—*Aberdeen Journal*, February 16, 1882.

"This is a handboook containing information on the various branches of the spinning trade. The specific object of its publication is to afford instruction and guidance to those employed in the factories, so as to enable them to overcome technical difficulties. . . . The book cannot fail in usefulness to the employees in spinning departments, and particularly to the overseers."—*Newry Reporter*, March 25, 1882.

"Artizans engaged in the trade to which it refers will find 'Flax, Tow, and Jute Spinning' a very valuable handbook, and one that in all probability they have long wished for. . . . Besides containing full and detailed information on the various branches of spinning, it includes a large number of rules, methods of calculation, and tables employed by practical men, but which are usually learned slowly and imperfectly in conversation from those who have acquired them by years of labour."—*Leeds Mercury*, April 12, 1882.

"The book is a thoroughly practical and reliable one, giving rules, tables, and calculations that are sure to be of great value to all engaged in these branches of industry."—*Englishman*, Calcutta, June 10, 1882.

THE

DUNDEE BURIAL SOCIETY

WAS established on the 20th March 1862, for the purpose of enabling working people, by means of small weekly payments, to insure sums at death according to age. It is the only Society of its kind having its headquarters in Dundee. It is managed by working-men in their spare hours. A meeting of qualified members is held in Dundee every year, where all the year's transactions are gone over and reports read as to the prosperity of the Society, both numerically and financially. At these meetings the office-bearers are elected, and any qualified member can be proposed for the vacant offices.

During the time the Society has been in existence the membership has gone up from a mere handful until it now numbers nearly 9000; and while it was in debt the first year of its operations, there were, at the end of 1884, invested funds in Dundee to the amount of £8000 sterling. Facts like these speak for themselves; and working people belonging to, or residing in, Dundee, before joining societies with their headquarters outside the town, should make enquiries regarding the Dundee Burial Society, and see if it would not be to their interest to join a society carried on in their midst. Another feature may be mentioned: Bonuses have been paid in hard cash to members who had been a certain period in the Society—one Bonus amounting to £600 sterling, and the other to £1800 sterling. These Bonuses came as a boon to many, and did no injury to the Society. Cash Bonuses are to be paid every five years. Those desiring to participate in the Bonuses should join before the quinquennial period has expired; the first period for joining expires on the 30th June 1888.

Parties wishing to join can do so by applying at the Office—No. 2 BAIN SQUARE, DUNDEE, any lawful evening, between the hours of 7 and 8 (Saturday excepted), or by applying to any of the Collectors, when all information will be given.

P.S.—W. M. would call attention to the New Double Wind Guard Can for Blow-Downs, &c. The specialties of this Wind and Water Guard Can are its efficiencies, as proved by the Testimonials. It is noiseless, and ensures perfect ventilation, while completely excluding rain. It does not corrode (no part of it being metal), and therefore does not require renewal.

This New Wind and Water Guard Can, top and bottom, is sold at as low a price as the ordinary Fire Clay Cans are, and it should be in general use for all vents, as its price is less than the damage done to the furniture of an apartment by a single shower of rain or blow-down. The same can be seen at Yard, and can be made to suit any Cans that are in use.

“A Set of Teeth by Dr Stewart Lasts a Lifetime.”

Special attention devoted to the Painless Extraction of Decayed Teeth by the aid of Nitrous Oxide Gas and other harmless Anæsthetics.

Stopping, where any hope remains of permanently preserving a tooth, carefully and satisfactorily accomplished.

Country Patients will find at Dr STEWART'S Establishment better facilities than can be had elsewhere for the prompt insertion of Artificial Teeth.
By calling early in the day they may be accurately fitted with the Best Artificial Teeth in time to return same afternoon.

THE attention of Patients is respectfully drawn to the special advantages contained in this now well-known Establishment for the insertion of Artificial Teeth and every Branch of Dental Surgery. Dr STEWART'S immense resources enable him to insert his Famed Artificial Teeth in the most satisfactory manner on the same day the Patient makes his or her first visit, so that the harassing delays common to smaller practices are entirely obviated.

Dr STEWART has been the first to Solve the Problem of High-Class Workmanship and Materials and Low Prices, and he has to thank his immense number of Patients for enabling him to continue to supply Work at the hitherto Unheard-of Quotations which follow:—

A SET OF ARTIFICIAL TEETH, ONE GUINEA; SINGLE TOOTH, 2s 6d.

Repairs and Remodels at Equally Low Rates.

It should be understood that Dr STEWART'S object is not to compete with cheap and inferior Dentists, but to supply Work-People and Persons of Limited Means with First-class and Perfectly-Fitting Teeth at a fair and moderate charge.

N.B.—All Work Guaranteed—A Perfect Fit with the Utmost Comfort being the Chief Characteristics of Dr STEWART'S Artificial Teeth.

GLASS INSURANCE.

THE DUNDEE AND DISTRICT MUTUAL GLASS INSURANCE ASSOCIATION, LIMITED.

This ASSOCIATION is doing the largest amount of business of any of the Glass Insurance Offices in Dundee, having upwards of 600 Members. Being entirely Mutual, all the Profits are applied in reducing the Annual Premiums. A large Fund is always kept in reserve to meet Claims, which are promptly settled. Having no large Dividends to provide for, this Association is in a position to undertake all Glass Risks at a rate far below any of the Proprietary Offices. Dundee Shopkeepers should support this Association, whose active competition has been the means of greatly reducing all Glass Insurance Premiums in the district. A larger amount of support would naturally lead to a still greater reduction in Premium.

Insurers incur no liability beyond the premium paid.

All Profits divided among Policy-holders. Policies indisputable after three years from their date.

THIS Society has for some years done the largest business of any office in the world, and has introduced a new form of Life Assurance, known as the **NON-FORFEITING TONTINE OR SEMI-TONTINE POLICY**. On this plan profits are divided at stated periods, viz., TEN, FIFTEEN, or TWENTY YEARS, which must be determined upon at time of entry. When the Assured's TONTINE period has arrived, he becomes entitled to his share of the Accumulated Profits, and he is then given one of the following options:—

First.—*To take the cash value of his Policy.*

Second.—*To take a paid-up non-participating Policy for an equivalent of its cash value.*

Third.—*A yearly increasing annuity and the original sum at death to his heirs.*

The following Table gives the results, as estimated, of a 20-year Policy for £1000 taken out on the Tontine Savings' Fund plan of Assurance:—

Age.	Annual Premium.	Total Premiums Paid.	Cash Value of Policy.	Equivalent Value in Paid-up Policy.	Annuity for Life, and £1000 at Death.
25	£19 17 6	£397 10 0	£533	£1290	£8 14 8
35	26 7 6	527 10 0	769	1460	22 1 8
45	37 19 2	759 3 4	1190	1810	67 13 5

This Policy is Non-Forfeiting, i.e., it has a Surrender value in Paid-up Assurance after its third year.
